SAFETY DATA SHEET

GOLD DIGGER 2.0

I. PRODUCT IDENTIFICATION

TRADE NAME: Gold Digger 2.0
SYNONYMS: Wheat flour, fumaric acid, lactic acid, malic acid, acetic acid
CHEMICAL: N/A
CHEMICAL FAMILY: N/A
CAS REG. NO. N/A
PRODUCT NUMBERS:

II. HAZARDOUS INGREDIENTS

HAZARDOUS MATERIAL: NONE
This product does not meet the definition of a hazardous material given in 29 CFR part 1910.1200 (OSHA). Information on this form is furnished as a customer service.

III. PHYSICAL/CHEMICAL DATA

Boiling Point:	N/A	Specific Gravity (H ₂ O =1):	N/A
Vapor Pressure (mm Hg):	N/A	Viscosity:	N/A
Percent Volatile vol.	N/A	Evaporation Rate:	N/A
Solubility in water:	Dispersible & mostly soluble under high speed mixing.		
Appearance & Odor:	Tart, dry-blend.		

IV. FIRE AND EXPLOSION DATA

Flash Point:	N/A
Flammable Limits:	LEL – none established
Extinguishing Media:	Dry chemical foam, water or carbon dioxide.
Special Fire Fighting Procedure:	N/A
Unusual Fire & Explosion Hazards:	N/A

V. REACTIVITY DATA

Stability:	Stable
Incompatibility (Materials to Avoid):	Because fumaric, lactic and acetic acids are in this blend, avoid contact with strong alkalies, strong oxidizing agent; it can react with chemically reactive metals such as aluminum, zinc, magnesium, copper, etc., to release hydrogen gas which can form explosive mixtures with air.
Hazardous Decomposition or Byproducts:	Some of the ingredients in this blend may form carbon dioxide, carbon monoxide, calcium oxide and various hydrocarbons.
Hazardous Polymerization:	Will not occur.
Conditions to avoid:	N/A

VI. ACCIDENTAL RELEASE MEASURES

OSHA Permissible Exposure Limits:	None established.
TWA:	None established.
STEL:	None established.
Chemicals Listed As Carcinogen or Potential Carcinogen:	NONE
Signs and Symptoms of Over-Exposure:	Possible skin, eye and respiratory irritant.
Chronic Over-Exposure:	Repeated inhalation can sometimes cause sensitization in susceptible individuals.
Primary Routes of Entry:	Skin: May cause irritation. Symptoms may include redness and burning. Eye: May cause mechanical irritation. Symptoms may include tearing, stinging and redness. Inhalation: May cause irritation to mucus membranes of nose, throat or lungs. Ingestion: Single dose oral toxicity is low. Swallowing small amounts during normal handling is not likely to cause harmful effects; swallowing large amounts may be harmful.
First Aid Procedure:	Rinse thoroughly with water, remove from exposure, provide fresh air. In case of irritation or allergic symptoms seek medical attention. 1. Skin Contact: Remove contaminated clothing. Wash exposed area with soap and water. If irritation persists seek medical attention. Wash clothes before reuse. 2. Eye: Immediately remove individual from exposure and into fresh air. Flush eyes with water. If symptoms persist seek medical attention. 3. Inhalation: Remove from exposure and into fresh air. If irritation persists seek medical attention. If breathing is difficult, administer oxygen. Keep person warm and quiet. 4. Ingestion: If swallowed seek medical attention. If individual is drowsy or unconscious, do not give anything by mouth; place individual on the left side with head down. If individual is conscious, alert, induce vomiting by giving syrup of ipecac or by gently placing two fingers in the back of throat. If possible, do not leave individual unattended.
Sub Chronic and Chronic Effects of Over-Exposure:	No known applicable information. Based on information presently available, this product does not meet any of the health hazard definitions of 29 CFR section 1910.1200.

VII. SPILL AND DISPOSAL PROCEDURES

Steps to be Taken in Case Material is Released or Spilled:

- Spill: Recover by vacuum or broom and shovel. Avoid raising dust. Ventilate area and wash spill site after material pickup is completed. Flush area with water to remove final traces.
- Disposal: Dispose of large quantities in closed containers into landfill in accordance with applicable regulations. May be flushed down conventional sewer or garbage dump.

VIII. PROTECTION INFORMATION

- Ventilation: Good local ventilation.
- Respiratory: Niosha/OSHA approved device for dusts, if potential to inhale dusts may occur. Not generally required unless needed to prevent respiratory irritation from dust.
- Eye Protection: Safety goggles
- Skin Protection: Generally not required. For sensitive skin wear gloves and cover skin with clothing to prevent irritation from dust.

NOTE: Personal protection information shown in section III is based upon general information as to normal uses and conditions. Where special or unusual conditions exist, it is suggested that expert assistance of an industrial hygienist or other qualified professional be sought.

IX. STORAGE

Keep containers closed. Store in cool, dry well ventilated area. Avoid contact with eyes, skin and clothing.
Wear protective clothing

X. ADDITIONAL COMMENTS
